ABOUT THE COMPANY

For 70 years Superior Storage has been a family owned business with a singular focus on manufacturing the highest quality specialty petroleum containment tanks for the aviation, automotive, petrochemical, agricultural, and heavy construction industries. Utilizing lean manufacturing and closely monitored quality control measures, we produce a broad array of single and double wall stationary or mobile field units. As a listed UL 142 and DOT 406 trailer assembler, we are committed to providing our valued customers with not only certified products of the highest quality, but meeting the highest expectations of our clients.

OUR CAPABILITIES

- Manufacture UL listed tanks from 30 - 15,000 gallons & powdercoat up to 2,000 gallons
- Fuel trailers up to 4,000 gallons
- Custom manufacturing to meet demanding customer specific requirements
- Blasting & powdercoating
- Welding services

OUR QUALITY RAW MATERIALS

- Certified first grade steel products from Blue Star, Ryerson, and B&B Steel
- Powders from Axalta & Cardinal
- Welding supplies from Praxair
- Fittings and parts from Morrison Brothers, Phoenix Forging and Clay & Bailey
- Trailer parts from Redneck, Hannay Reel, GPI, Fillrite, Reelcraft

OUR PRODUCT GROUPS

- Oil and chemical storage tanks
- Tank accessories, pumps, gauges, vents
- Truck tanks
- Mobile tanks & oil caddy's on casters
- Specialty Trailers - hauling, landscaping, decon, pressure washing

OUR WORKMANSHIP

- Welders are certified by American Welding Institute Standards (AWIS)
- Welding practices are reviewed annually by certified welding instructors
- Coating techniques reviewed by Axalta and Cardinal Coating Consultants
- All tanks and trailers shot-blasted and powder-coated. Long life zinc primers available.
